

Eastern Update on Cardiac Implantable Electronic Devices and Lead Management 2012: Experts Share Methods to Improve Care

Saturday, February 18, 2012

Program Description

This meeting will provide an in-depth, interactive review and discussion of extraction issues, surgical perspectives, pre-extraction management, future techniques, and new CIEDs in a clinical program featuring highly recognized experts in the field.

Agenda

7:00 AM - 8:00	Breakfast
8:00 - 8:10	Session 1 Introduction Roger G. Carrillo, MD, Chair Laurence M. Epstein, MD, Co-Chair
8:10 - 8:45	Current State of Lead Extraction: Indications Roger G. Carrillo, MD
8:45 - 9:30	Capping vs Extracting Leads Patrick M. Hranitzky, MD Laurence M. Epstein, MD
9:30 - 10:15	Lead Design: Implications for the Extractor Kenneth A. Ellenbogen, MD
10:15 - 10:30	Break
10:30 - 11:15	Session 2 Current and Possible Future Lead Advisories David B. DeLurgio, MD Jeffrey N. Rottman, MD
11:15 - 12:00 PM	Upgrading Devices? How to Manage Venous Occlusions Steven P. Kutalek, MD
12:00 - 12:30	Team Approach to Extraction: Who, When, and How Jeffrey N. Rottman, MD George J. Palmer, MD

Physician Continuing Education Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Postgraduate Institute for Medicine and Medtelligence, LLC. The Postgraduate Institute for Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation

The Postgraduate Institute for Medicine designates this live activity for a maximum of 9.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Conflicts of Interest

	George J. Palmer, MD
12:30 - 1:30	Working Lunch: Considerations in Setting up an EP Practice for Lead Management Sanjay S. Deshpande, MD
	Session 3
1:30 - 2:15	Lead Management for Cardiac MRI Bruce L. Wilkoff, MD
2:15 - 3:00	Lead Selection, Implantation, and Subcutaneous ICD Considerations Steven P. Kutalek, MD
3:00 - 3:45	Tips and Tricks – Common Challenges Laurence M. Epstein, MD David B. DeLurgio, MD Bruce L. Wilkoff, MD
3:45 - 4:00	Break
	Session 4
4:00 - 4:45	Understanding How to Use Femoral Tools Laurence M. Epstein, MD Bruce L. Wilkoff, MD
4:45 - 5:30 PM	Future of Lead Extraction Closing Remarks and Adjourn Roger G. Carrillo, MD Laurence M. Epstein, MD

Educational Objectives

Upon completion of this educational initiative, participants should be better able to:

- Assess the risk for CIED-based infection, including curative techniques
- Develop an individualized lead management strategy based on patient presentation
- Identify strategies and techniques to reduce complications in lead extraction procedures
- Identify best practices of lead management in clinical cardiology practice
- Discuss how novel and emerging device, lead, and equipment technologies can be integrated into clinical EP practice

Target Audience

Electrophysiologists, EP Fellows, CV Surgeons, Cardiologists, Nurse Practitioners, Physician Assistants, and EP Nurses involved in the care of patients with CIEDs

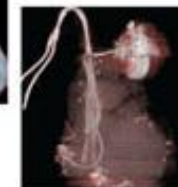

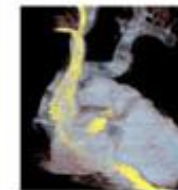

Disclosure of Conflicts of Interest

Postgraduate Institute for Medicine (PIM) requires instructors, planners, managers and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest they may have as related to the content of this activity. All identified conflicts of interest are thoroughly vetted by PIM for fair balance, scientific objectivity of studies mentioned in the materials or used as the basis for content, and appropriateness of patient care recommendations.

Americans with Disabilities Act

Event staff will be glad to assist you with any special needs (ie, physical, dietary, etc). Please contact Chris Archibald prior to the live event at 732.977.5887.
